Dear Green Campus team,

Here is a short update of recent happenings and opportunities to get involved with the team!

1. **Upcoming Events**
2. **Power Down**
3. **Res Hall Energy & Water Competition**
4. **Green Workplace Assessment**
5. **Green Campus Outreach**

Instagram: @greencampus_hsu

Website: greencampushsu.weebly.com

Email: greencampus@humboldt.edu

1. **Upcoming Events**

- **Fri. 10/19 Weekly Club Meeting**
This Friday our club meeting will happen at the regular time (5-6pm) at the regular place (Facilities Management conference room). We will be voting on design ideas for Green Campus buttons and flyers to stake in the grass around campus. **Bring your button and flyer designs to club meeting!** There are tons of ideas online for [pin button designs](#) and [lawn stake sign designs](#). Keep in mind that buttons are quite small, and lawn stakes will be seen in passing. The Google search results show a pretty good variety of techniques that still follow best practice guidelines.
Email Morgan at mmk360@humboldt.edu if you have any questions.
- **Tues. 10/23 Power Down Subcommittee Meeting**
From 12-1pm at the Green Campus Office, we will have a subcommittee meeting to discuss the upcoming Power Down event on November 7. Everyone who attended the last subcommittee meeting was assigned an outreach avenue to research and add to the [Green Campus Outreach Guide](#) by Tuesday's meeting. **See your name and assigned outreach avenue listed below if you were at the meeting:**
Morgan/Mark - HSU computers (IT with Katie's help)
Megan - screens in the Depot & the J (with Sarah's help)
Abigail - KSHU radio
Jenny - the Lumberjack
Diana/Matt/Dave - SWANK commercial
Email Megan at mcm781@humboldt.edu if you have any questions or interest!
- **Wed. 10/31 E&W Competition ends**
- **Week of 11/5-9 WRRAP Zero Waste Conference**
WRRAP is recruiting other organizations at HSU to host workshops during their weeklong Zero Waste Conference. We are brainstorming ideas for an activity involving creative reuse of materials - possibly planting succulents in unconventional containers!
Email Morgan at mmk360@humboldt.edu if you have any questions or other ideas for a GC workshop.
- **Wed. 11/7 Power Down HSU**
- **Wed. 12/5 Power Down HSU**
- **Thurs. & Fri. 3/28 & 3/29/2019 This Way to Sustainability Conference**
Save the date! This conference is held in Chico, CA and we aim to solidify travel plans in the next month or so.

2. **Power Down** was on Wednesday, October 3. We used more energy than the average Wednesday again this month, but we did use less than on Power Down in September! See the [website](#) for graphs and metrics!
Email Megan at mcm781@humboldt.edu if you have questions or interest about data analysis.

3. The **Residence Hall Energy & Water Saving Competition** is underway! Diana has been working tirelessly to spread the word to campus residents, and to collect energy data for each res hall that is competing. Four Sustainable Champions have volunteered to lead their res halls in the competition!

See the [website](#) for more information on the competition!

Email Diana at dmo198@humboldt.edu if you have any questions or interest.

4. **Green Workplace Assessment**: The Environmental Resources Engineering department received a Platinum certification! The Math and Computer Science departments have been audited, and their certifications will be announced soon. The Natural Resources department will be audited next week!

Email Jenny at jmt941@humboldt.edu if you have any questions or interest!

5. **Green Campus Outreach**: Follow Green Campus on Instagram [@greencampus_hsu](#) and check out our website greencampushsu.weebly.com!

Email greencampus@humboldt.edu if you have any content to post; Morgan runs the email account.

Cheers,
Abigail

Green Campus Outreach Coordinator

Hi Abby!

Thanks for all the useful information. I know I've agreed to do the "Calender of Events" section of the upcoming GC newsletter. The list you sent appears to be inclusive of most environmentally themed events. Do we/I select a reasonable number of happenings for the newsletter (with participating members' consensus), or is there another place/resource you'd like me to explore?

Dave,

In the next couple of days I will send you a complete schedule for the semester from the information I have - and feel free to add more/not use everything based on your project.

Sincerely,
Abigail
