Dear Green Campus team,

Here is a short update of recent happenings and opportunities to get involved with the team. Scroll for **bold, purple text** for specific tasks you can do!

1. **Power Down Tabling Sign-Ups**: As the first of more announcements to come about Power Down on November 7, **please sign up to table on Tues. 11/6 and Wed. 11/7 on this Google spreadsheet**. Ideally we'll have team members on the quad for at least 2 hours each day. Please make a note if you've never tabled before, as we don't expect anyone to table alone their very first time.

Email Megan at [mcm781@humboldt.edu](mailto:mcm781@humboldt.edu) if you have any questions!

### 2. **Upcoming Events**

- **Fri. 10/26 Weekly Club Meeting**

This Friday our club meeting will happen at the regular time (5-6pm) at the regular place (Facilities Management conference room). Morgan and Abigail will be presenting on best practices in flyer & slide design, and Sarah will be leading a mock waste audit! We will also be voting on design ideas for Green Campus logos. **Bring your logo designs to club meeting or email them to Abigail at [al354@humboldt.edu](mailto:al354@humboldt.edu)!**

- **Fri. 10/26 HUMbucks October Gathering @ CCAT**

According to [Humboldt Village](#), HUMbucks is a Local Exchange and Trading System (LETS) or Community Exchange System (CES) "that provides means for its users to exchange goods and services...Using information instead of currencies to affect exchange, HUMbucks is community-focused in order to build community and keep wealth where it is created...by creating the means for inter-community trading...Complementary exchange systems foster the real wealth of communities and rebuild a sense of worth and self-esteem among their users...HUMbucks CES provides infinite opportunities for exchanging one's narrow specializations for goods and services offered by others."

If you don't have a good idea of what this might look like, all the more reason to go check out what HUMbucks is all about at CCAT! **Check out their event on Facebook!**

- **Mon. 10/29 CCAT Haunted House & Scary Movie Night**

CCAT is hosting an educational, scary haunted tour around the CCAT house. It is in the works for Green Campus to set up a booth in the haunted house with team members dressed in "spooky sustainability" costumes - the IPCC report, phantom loads, etc.

CCAT's weekly Monday scary movie night will follow the haunted house!

Email Morgan at [mmk360@humboldt.edu](mailto:mmk360@humboldt.edu) if you have any questions.

- **Wed. 10/31 Deadline for Submitting Proposals for This Way to Sustainability Conference in Chico**

The Lead Coordinators for This Way to Sustainability Conference hosted annually by Chico State have invited us to submit proposals to present at the conference in March on "your research, organization, campus practices, etc." This is the [link](#) to the form for submitting proposals through the CSU Chico website.

We hope to supply some clean, used containers to reuse for planting succulents, and will also encourage participants to bring their own unconventional containers! **Bring containers you wish to donate to Friday club meeting. For example: glass jars from pasta sauce or jam, plastic tubs from yogurt, mason jars, etc. etc. Be creative!!** Email Morgan at [mmk360@humboldt.edu](mailto:mmk360@humboldt.edu) if you have any questions.
